Creative software developer with the ability to pick up new languages and technologies as needed. I specialize in JavaScript and have professional experience working with Node.js, Postgres and React. I also have experience working with Bootstrap, Express and Redux.

Software Development Skills

- Debugging, JavaScript, Node.js, React, Express, Redux, RESTful API, PostgreSQL, Sequelize, Bootstrap, Flexbox, HTML, CSS, Photoshop

Education

Texas State University | B.S. in Public Relations | San Marcos, TX   2011 – 2016

DigitalCrafts | Certificate in Software Development | Houston, TX   June 2019 – October 2019
- Software development training program covering full-stack development including, but not limited to JavaScript, Python, including an emphasis on cutting-edge frameworks like React/Redux and server-side technologies including Node.js, Express, and PostgreSQL.

Software Development Portfolio

Singly | GitHub Singly   August 2019
- Member of a 4-person development team building an e-commerce/education site that allows users to find an online instructor and pay for their service through video conference
- Primary responsibility included helping build the Postgres database, website UI, authentication and querying data from database to display on client side
- Used my knowledge of Node.js, Express, Sequelize, Bootstrap and Postgres Database to build

Slack Cannon | Live Site | GitHub Slack Cannon   July 2019
- Created a communication platform for members of the Cannon community. Designed in a way to promote socialization between the business and Cannon employees
- Different chat rooms and information displays for the community to communicate easily
- Web application built with HTML, CSS, Google Firebase and Google Authentication

Professional Work Experience

Monument Chevrolet | Marketing Assistant | Houston, TX   November 2018 – March 2019
- Designed marketing content with Adobe Photoshop, Illustrator and Premiere to display around company facility and for online publication
- Analyzed data analytics growth with Facebook Pixel to A/B test marketing campaigns
- User tested the websites UI so potential leads could have an easier time navigating through website

Banana Republic | Key Holder | Houston, TX   May 2018 – October 2018
- Supervised employees to complete tasks and achieve goals in the absence of store management
- Assisted an average of 35 plus customers per day in finding or selecting items and through recommendations that increased revenue tied to my badge number
- Opened and closed the store following proper procedures documented in the opening and closing checklist

VillaSport Club and Spa| Marketing Assistant | Houston, TX   July 2017 – April 2018
- Liaised with internal and external marketing teams to ensure VillaSport brand and image were properly represented
- Formed relationships by coordinating large (150-175) person events, including food and beverage, agenda, decorations, entertainment and any special requirements specific to each event
- Grew social media following by posting club information, event photos and answering members questions.
